**7.2.1 Introduction**

Medicare eligible behavioral health recipients, including persons who are dually eligible for Medicare (Title XVIII) and Medicaid (Title XIX/XXI) receive Medicare Part D prescription drug benefits through Medicare Prescription Drug Plans (PDPs) or Medicare Advantage Prescription Drug Plans (MA-PDs). Medicare Part D coverage includes co-payment requirements of all persons. However, Medicare Part D co-payments are waived when a dual eligible person enters a Medicaid funded medical institution for at least a full calendar month. Medical institutions must notify the Arizona Health Care Cost Containment System (AHCCCS) when a dual eligible person is expected to be in the medical institution for at least a full calendar month to ensure co-payments for Part D are waived. The waiver of co-payments applies for the remainder of the calendar year, regardless of whether the person continues to reside in a medical institution. Given the limited resources of many dual eligible persons and to prevent the unnecessary burden of additional co-pay costs, it is imperative that these individuals are identified as soon as possible.
